

ALL-AMERICAN HOSE™

217 Titusville Rd.
Union City, PA 16438

6T Hose (Military)

All American Hose is a world class distributor of Fire Hose

Light Weight Polyester Double Jacket Hose

This double jacket municipal grade fire hose incorporates a lightweight polyurethane liner that meets all the requirements of NFPA 1961 and Mil Std. 24606. It is designed for use as an attack hand line hose and can be used for potable water transfer in an emergency.

Hose Construction – High quality, double jacket, municipal fire hose made from 100% high tensile strength polyester yarn along with a lining of thermoplastic polyurethane for reduced weight while remaining kink resistant.

Optional Dura-Cote™ protective treatment greatly increases abrasion, heat, flame and petrochemical resistance while virtually eliminating water pick-up. When treated 6T is protected from mildew and no drying is required.

Flexibility – Hose remains flexible to temperatures as low as -40°F (-40°C) to 150° F (65°C)

Ozone Resistance – Designed to meet all NFPA requirements for ozone resistance

NSF Standard 61 approved lining

Designed for maximum service life

Couplings – Shall meet or exceed NFPA 1963 (latest edition)

Standard lengths – 50', 100'

Manufactured within our ISO-9001 certified quality assurance system

Performance Chart

Size	Service Test PSI (kPa)	Proof Test PSI (kPa)	Burst PSI (kPa)	Weight 50' (coupled) Lbs. (KG)	Flat Width (in)	Bowl Size
1 ½"	300 (2069)	600 (4137)	900 (6205)	14 (6.4)	2.80	1- 15/16
1 ¾"	300 (2069)	600 (4137)	900 (6205)	16 (7.3)	3.20	2- 3/16
2 ½"	300 (2069)	600 (4137)	900 (6205)	25 (11.3)	4.50	3
3"	300 (2069)	600 (4137)	900 (6205)	36 (16.3)	5.25	3 -17/32
